

Are You of the Light? Process

TAG, Galactic System of Transformation

We have come to believe that all that comes into our space, either as a thought, emotion, or memory, is ours. We have been programmed to consider there is a egoic mind, a monkey mind, etc. that is of our own making. When thoughts, emotions, behaviors come in and

through us, we might be embarrassed, confused and pass it off as our ego or monkey mind at play. Wrong!

When you understand the history of our Galactic journey, you know that there are beings and forms amongst us whose intention is to sabotage our good, use our energy, and keep us entrapped. How would you know if any thought, emotion, idea, etc. is a whisper from those beings into you "ear"?

Here is a simple process.

Here are the Steps:

1. Claim your place as a member of a Galactic Star family whose intentions are always for the Good. (A Reality Shift is perfect for this.)
2. When you are aware of any thought/feeling/idea/ that is questionable, sit. Still your mind. Connect with your nature of Good and ask one question 3 times. The question, "Are You of my Light?" pause as listen after each ask.
3. The answer of "no", or no answer, or "yes" and "no" wobbling in the indication that this is a broadcast whisper from beings who would control.
4. What to Do? Call in the PTO teams and say to them, "This is not of my Light, DEEP Six the entire configuration."
5. Continue DEEP Six until you feel a calm. Then reaffirm you Reality Shift of connection to your Star family.
