

Guardian Circles Protocol

It is time to reclaim the power of the word and intention of Souls in Female Body Suits, Our Sophia Wisdom Center contains the power to discern and the authority to declare to design and protect the "village".

Guardian Circles Protocol creates energy "cocoon". You can place yourself, individuals, projects, communities, etc. in a Guardian Circle space, like a HazMat suit around our body. The intention is extinction of Domination agendas while expanding Good for all in the Web of Life.

Within the space:

- All known prayer and light tools to bring harmonics of Wholeness/Love are activated. (You can add your own)
- Extensive Healing teams from the Unseen are present to heal and transform patterns created in an individual's or genetic family's life that manifest as limit and sabotage.
- The individual's Higher Self begins activating designs for intended Good.
- The individual's Causal teams are present to eliminate contracts of negative and/or domination patterns, people, systems, etc.
- The Healing teams restore your/the bio-fields to the balance of wholeness.
- PTO Teams with the ability to identify the energy frequency of Domination, Control, and Violence (the 'elephants' we have been programmed to deny) will neutralize and remove all such energies back to their home of origin.
- The PTO create a protective shield around the space and if any 'arrows' of the Dominators who would destroy Good is sent, the entire force is neutralized and removed back to their homes of origin.
- Manifesting programs are activated To ATTRACT those ready to participate in safeguarding and building a life and world on Love/Good.

Laws upon which our circles are based:

- the Law of Manifestation,
- Law of Personal Choice/Word
- the Law of Reciprocity
- The Original Earth Plan
- Male and Female Original Assignments
