

- All of my organs are stable and consistent with health.
- I have ownership of my Soul and Physical energy field, and all outsiders are extinct!
- My physical body is fully functioning in health, wellness, balance, sovereignty and safety.
- All Gifts, powers, skills, and more that I, as a Star Soul have are returned to me cleared, secured, stabilized, sovereign, and used as my design for this lifetime decree.
- I forgive all who have caused me trauma, abuse, neglect, abandonment, real or imagined,

in this or any lifetime. I forgive myself for all trauma, abuse, neglect, abandonment, real or imagined that others have suffered from me in in this or any lifetime.

- I place all into the hands of Divine Good which dissolves that which seems impossible and opens the doors for greater Good where there had been none.
